

DID YOU KNOW ...

... the two biggest motoring organisations attend over 560,000 motorists with flat tyres each year

... if your tyre pressure falls by 20% your tyre wear increases by up to 60%

... if your tyre pressure falls by 20% your fuel consumption rises by up to 5%

... the UK Department of Transport states that hundreds of serious and sometimes fatal accidents are caused by under inflated tyres

Tyre Pressure Monitoring System

- Easy to use
